Q:

What are the strengths and weaknesses of the TF for this course, and how might his/her teaching be improved

Strengths

Responses:

Instructor: Gaurav Anand Chiplunkar

Gaurav is a great TA! You can tell that he spends time preparing relevant material for section. He also provides quick feedback when students have questions.

Instructor: Gaurav Anand Chiplunkar

The TF was excellent. Good pace, excellent understanding of the material, and great explanations.

I have said it before and I will say it again: Gaurav is amazing! His sections were always absolutely illuminating and after section I always felt like I could tackle the material. Gaurav spends time to ensure that his students follow the math and the derivations and he takes great care preparing his sections. He is a TF that goes beyond the conventional requirements for a TF. Truly amazing! (and has wonderful handwriting!)

One of the best TAs I've had during my study. Very clear and detailed explanation. Able to convey key topics and concept in a clear and humorous way! Absolutely love his class.

Instructor: Gaurav Anand Chiplunkar

- intelligent - engaging - hard-working - presents information in a clear and concise manner - well-respected and liked - wants students to learn and get the most out of the course

Instructor: Gaurav Anand Chiplunkar

My favorite TA. He is very good at simplifying lecture material and always seems well prepared in sections.

Instructor: Gaurav Anand Chiplunkar

very helpful for understanding the concept

Gaurav makes learning economics fun.

Instructor: Gaurav Anand Chiplunkar

Great explanations and understanding of material

Instructor: Gaurav Anand Chiplunkar

Very helpful on assignments, and also helped us with research papers for other courses.

Instructor: Gaurav Anand Chiplunkar

Gaurav always came highly prepared for class, and he walked through the material slowly and carefully. I think I really started to understand the material through his sections.

Instructor: Gaurav Anand Chiplunkar

Made concepts really clear. Super organized and relevant section. Felt like he was a good advocate for students when deciding exam structure, etc.

Best TA I have ever had Very approachable Patient Puts in a lot of effort in each of his sections Knows the material very well

Instructor: Gaurav Anand Chiplunkar

Strengths: almost everything, particularly being willing to stop, think and offer a considered, intelligent answer to questions.

Instructor: Gaurav Anand Chiplunkar

Gaurav is extremely patient and is the best TA in the IDE program by far. He is able to simplify tough concepts and is always willing to take time to explain them outside class if need be. He is committed and will make an excellent professor in the future.

Instructor: Gaurav Anand Chiplunkar

Really intelligent and knows his stuff. Also can explain concepts really well and in a systematic way. Gaurav's sections are many times better and a lot more beneficial than the other IDE core classes (not ECON 546 but other IDE core classes) and he lectures a lot better than many of the professors at Yale. Very patient with us, the students. Would note the more difficult concepts in lectures and review them with us in sections. Also very receptive towards feedback and always consult us before sections and ask what we would like covered. He would send us a 'plan for tomorrow' e-mail one day before each section so that we can prepare questions. Always approachable and friendly.
